EXPERIENCE

Momentum Venture — Fraud Analyst

Feb 2019 - PRESENT

Analyze Air flight patterns and customer data sets to determine if actions are fraudulent. Work with external company teams and banks to determine if customer information is correct. Utilize outside information sources gathered from deep dive investigations to determine if customer information is legitimate or if customer information has been compromised from possible fraudsters.

JeffreyM Consulting — Social AI Community Manager

Sep 2018 - Jan 2019

Execute team and social strategy for artificial intelligence through use of social listening, paid advertising, and collaboration with influencers across multiple platforms. Conducted proactive investigations into trolling communities such as 4chan and escalated possible negative Public Relations incidents to Project Management.

Indeed.com — Jr Data Coordinator

April 2018 - September 2018

Performed as team leader for New Product Commercialization (NPC). Assisted internal teams with account information and sales inquiries. Conduct testing and debugging for tool used to track queue work. Provide quality assurance for client subscriptions through verification of data accuracy.

Microsoft — Xbox Live Investigator and Content Moderator

December 2015 - Jan 2018

Trailed Xbox Live Public and Cyber safety threats through deep dive investigations. Conducted fraud related incident management for external partners. Analyzed data sets using SQL and COSMOS to proactively find accounts conducting malicious behaviors.

Wrote a query after noticing irregular data sets in accounts that were using stolen credit cards.

Dossing and Doxing Query:

Wrote a query to proactively found accounts making online safety threats.

ARMY National Guard

July 2011 – May 2017

I was in multiple roles starting as a private (E-2). My Horizontal Engineer unit picked up additional duties from the state such as CERFP where we conducted Search and Rescue operations. When I became a Cadet I was placed into multiple leadership roles that included Platoon Leader where I would oversee and run training exercises in addition to construction sites. I also was the Executive Officer's Assistant. I consistently scored in the top of my battalion for Physical Training and earned multiple awards.

EDUCATION

Oregon State University — *Psychology*

MONTH 2012 – MONTH 2016

I was part of ARMY ROTC, ARMY National Guard, and OSU boxing team while pursuing degree.
